## The Applicant Is Responsible For Providing These Required Documents:

**Site Plan** \_\_\_\_\_ (showing landscaping at sign base, existing signs, proposed sign & distance to property lines)

**Sign Drawing** \_\_\_\_\_ (showing size and dimensions of sign and mounting structure)

**Illumination** \_\_\_\_\_ (Method and Type of illumination; installation and attachment details)

**Permission Letter** \_\_\_\_\_ (If off Premise)

**INDOT Approval** \_\_\_\_\_ (If applicable, copy of approval/permit must be provided to render this permit fully valid)

**Property Record Card** \_\_\_\_\_ (may be obtained in Area Plan office)

**The sign permit must be permanently attached to the structure  
where it may easily be seen from the main road.**

**Notice:** I understand that if I am applying for an off-premise sign located along an interstate or federal-aid primary highway, I must obtain a state sign permit in addition to a county sign permit, prior to constructing/installing my sign. Failure to do so constitutes a civil zoning violation and subjects the sign owner and property owner to a citation and fines as authorized by Chapter 13 of the White County Zoning Ordinance. I have read and understood the above statement.
